

### INSERT SOCIAL MEDIA LINKS

Once you have your Facebook, Twitter, YouTube, or other social networking profiles set up, you will want to link them to your website for better search engine rankings. If you do not currently have a profile with one of these sites and would like to, please follow these links to set up an account.

**Facebook:** <http://www.facebook.com/>  
**Google+:** <http://www.plus.google.com/>  
**Twitter:** <http://www.twitter.com/>  
**Linkedin:** <http://www.linkedin.com/>  
**MySpace:** <http://www.myspace.com/>  
**YouTube:** <http://www.youtube.com/>

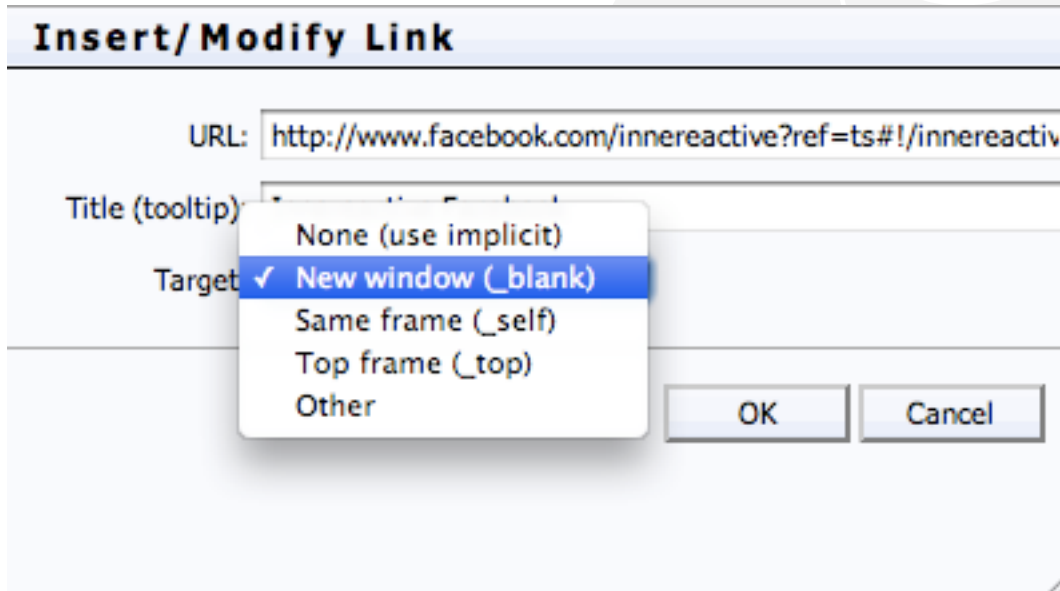

1. Login to iControl
2. Click on **WEBSITE CONTENT** on the left navigation menu
3. Select the page that you wish to display your links and click the  Icon on the right hand side under **OPTIONS**

4. Open the Image Repository by clicking the  Icon
5. Click the Icon you want and drag and drop the Icon wanted into the page. Innexus provides various icons for Facebook, LinkedIn, MySpace, & YouTube.
6. Now that the button is placed, let's make it a link. Click on the image so that it is selected and is highlighted.
7. In another tab [CONTROL] + [T] open the profile that you wish to link to and copy the URL. To do this, highlight the URL, right click and select copy.

10. Click back over to your iControl panel. With your button still selected, click the icon and paste the URL in the URL field.
9. Select **New Window (\_blank)** from the drop down menu.

10. Click **OK**.
11. To add additional button links, repeat steps 4 through 10.
12. Once all of your buttons are linked to your profile, click **Save Page**.
13. Go to your website to check your work. Don't forget to Refresh the page.
